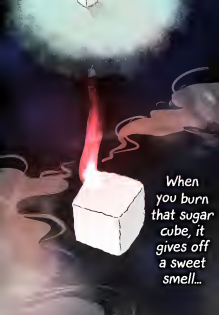
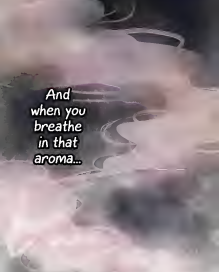
Sugar Lump
original work / yohan

When people die, they turn into sugar cubes.

In the instant their heart stops beating, their forms change.

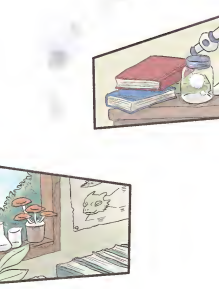


When you burn that sugar cube, it gives off a sweet smell...



And when you breathe in that aroma...

You will relive the memories of the deceased in your mind.



THIS PHENOMENON OCCURS ONLY IN HUMANS.
OTHER LIVING CREATURES DON'T BECOME SUGAR CUBES AFTER DEATH.
Teacher!
SO, IT'S THANKS TO THAT THAT WE CAN EAT MEAT PIES!
THAT'S RIGHT. THAT DOES MAKE US MEAT LOVERS HAPPY...
Innocent
GWA
I WANNA EAT MEAT...
Yawn
Scritch Scritch
ALTHOUGH WE HAVEN'T ASCERTAINED THE EXACT MECHANISM BEHIND THE SUGAR CUBE PHENOMENON...
WE HAVE OBSERVED THAT HUMANS ARE THE ONLY ONES WHO TURN INTO SUGAR CUBES.
SOME THINK THAT IT'S BECAUSE HUMANS ARE THE CHILDREN OF GOD...
OTHERS THINK THAT IT'S BECAUSE HUMANS ARE SPECIAL, SET APART FROM ALL OTHER LIFE-FORMS...
AND STILL OTHERS THINK THAT IT'S BECAUSE WHEN THE HUMAN EGO DIES, IT CHANGES AND BECOMES A MATERIAL THING.

rummage rummage
IN LIGHT OF THESE IDEAS...
WHAT DO WE BIOLOGISTS THINK OF THIS PHENOMENON?
rummage rummage
I'M HUNGRY...
TO ANSWER THAT QUESTION, WE MUST FIRST UNRAVEL THE MYSTERY OF WHY THE SUGAR CUBES GIVE OFF A SWEET AROMA WHEN THEY ARE BURNED...
AND WHY THAT AROMA EVOKES MEMORIES RELATED TO THE DECEASED.

RECENT RESEARCH HAS SHOWN THAT...
